#### Sioux City Community School District Executive Summary November 16, 2009

Purpose:

The purpose of this executive summary is to request Board approval of the list of District bank depositories for FY2010.

**Explanation:** 

Contact: Gordon Winterlin 279-6662

This action is required by Iowa code section 12c. If the Board approves this type of resolution, a District, or any Iowa government, will be protected from loss of funds due to a bank failure. The District is required to list the name of the bank and the maximum amount of funds that will be covered by the state for each bank listed. We always overstate the amount listed for each bank to cover ourselves in the case of an instance where there may be an unusually large balance at any one time; for example, if our bank failed on a day where we had just received our large semi-annual property tax receipt payment, a state aid payment and maybe bond proceeds, we would be protected.

#### **Recommendation:**

It is recommended that the Board approve this depository resolution.

# Sioux City Community School District Executive Summary Enhancing Education Through Technology (E2T2) Grant, November, 2009

#### **Purpose:**

This summary provides an overview of the latest iteration of the Enhancing Education Through Technology or E2T2 grant.

#### **Explanation:**

The primary goal of the Enhancing Education Through Technology (E2T2) program is to improve student academic achievement through the use of technology in schools. It is primarily geared toward supporting high need schools and students.

Contact: Neil Schroeder 712-490-7906

The E2T2 program has existed in various forms in the past, however the Sioux City School district has not participated on its own before. In prior years it was part of a consortium with the AEA, which proved less than optimal. Highlights of the current grant are listed below.

- Total State of Iowa award is \$3,168,944. In order to achieve economy of effort, distribution is only made to UEN school districts and AEA led consortiums.
- The grant is 100% competitive but maximum funding amounts are determined by formula. District / AEA funding formula is based on percentage of total statewide Title I funding.
- Sioux City School's Title I percentage is 5.27% resulting in a district grant award of \$167,000.
- Funding will be distributed 40% in FY10, 40% in FY11, and 20% in FY12.
- 25 percent of the total must be used for professional development.
- A condition of the grant is involving local non-public institutions. Meetings with local non-publics have been established.
- Grant proposal is due 24 November and funding decision is made by 5 December.

E2T2 funding application will line up with existing district technology plan and vision already being implemented. For the formal proposal we will focus on the purchase of responders and projectors for SINA schools to enable more effective formative assessment and differentiation. The PD portion will be used to fund our technology coaches who will train the teachers.

#### **Recommendation:**

Board approve submission of application for E2T2 Grant for FY10-12.

## Sioux City Community School District Executive Summary

Eastside Elementary School phase #1 site improvement plan: November 17th, 2009

#### Purpose:

First phase of site work plan to build a new elementary school located at Spaulding Park

#### Explanation:

Contact: Troy L. Thomas 279-6666

#### Recommendation:

Pending the issuance of the Army Corp of Engineers permit, it is the recommendation the Board accept the low bid from Dixon construction in the amount of \$1,215,614.10 for the bid package #1 consisting of some site improvement along with the filling of the creek located adjacent to the site.

DGR Engineers Estimate: \$1,374,216.00

### SIOUX CITY COMMUNITY SCHOOL DISTRICT EXECUTIVE SUMMARY

### At-Risk Modified Allowable Growth November 23, 2009

#### Purpose:

At-Risk Modified Allowable Growth funding is requested to support selected at-risk programs.

#### **Explanation:**

Boards of school districts requesting to use modified allowable growth for programs to assist returning dropouts and to prevent students from dropping out must incorporate the services planned for students at-risk of dropping out into the district's Comprehensive School Improvement Plan. To access the available funds, districts must complete the modified allowable growth application and file it with the Iowa Department of Education no later than December 15<sup>th</sup> each year. Over 8,500 Sioux City Community School District students meet the criteria for designation as students at-risk of dropping out of school. A solid program of support for students is provided through services to improve student attendance, academic achievement, and behavior. The list of programs and budget projections for FY11 is attached to this document.

Contact Person: Linda Madison, 712.279.6083

We are proposing to levy the same amount of dollars as we did for FY10. That amount was \$3,961,232.

#### Recommendation:

That the Board of Education approve the budget for at-risk modified allowable growth in the amount of \$3,961,232.

# Sioux City Community School District Executive Summary Asbestos abatement project November 17th, 2009

Purpose:

Asbestos abatement project for Smith Elementary and Lowell Elementary

**Explanation:** 

Contact: Troy L. Thomas 279-6666

Bids were received for a three phase project removing asbestos at Lowell elementary (1<sup>st</sup> phase) and Smith Elementary (2<sup>nd</sup>-3<sup>rd</sup> phase). The project for Lowell will start as soon as possible 2009/2010, pending any last minute purchase of the facility. The second phase, for Smith elementary will start summer of 2010, with the third phase starting spring of 2011.

#### Recommendation:

It is the recommendation of the Purchasing Department in conjunction with Operations and Maintenance we divide the project based on the low bid submitted by McGill in the amount of \$42,775 for the first and second phase of the project. It is the recommendation to award the third phase of the project to ESI in the amount of \$42,500. The project total amount is \$85,275.

Alloy Specialist (Asbestos engineering) estimate: \$300,000

#### Sioux City Community School District Executive Summary November 16, 2009

#### **Purpose:**

The purpose of this executive summary is to request Board approval of a resolution to allow the Superintendent or their designee to facilitate the disposition of district owned real estate.

**Explanation:** 

Contact: Gordon Winterlin 279-6662

Attached is a list of vacant or soon to be vacant buildings and vacant land that may be sold in the near future. The District may list these properties with a real estate agent or may work out another method of sale. The Board would still need to approve the final sale, but this would give the District the flexibility to move forward with the sale of property as soon as it becomes available for sale.

#### Recommendation:

It is recommended that the Board approve this resolution.

#### Sioux City Community School District November 23, 2009 Executive Summary Early Retirement

**Contact person:** 

**Steve Crary** 

279-6692

**Purpose:** Lead a discussion of the District Early Retirement Policy 431.13 including administrative recommendations regarding the current policy and the proposed design of a new policy.

**Explanation:** The Sioux City Community School District currently maintains an early retirement policy which provides a contribution for retiree health insurance to early retirees who meet certain service requirements and are not yet Medicare eligible. This policy is maintained at the sole discretion of the Board and is currently in need of review within the 5-year review cycle. Changes in the GASB rules now require public employers to note on their financial statements the actuarially determined liability of such policies. The District's liability is estimated to be in excess of \$48 million.

**Recommendation:** Request the Board to consider a recommendation to terminate the current policy effective 6/30/10; extend the employee election date for this year to February 28, 2010; and request the Board to direct the administration to design a new policy which will be in effect from 7/1/10 to 6/30/12.
